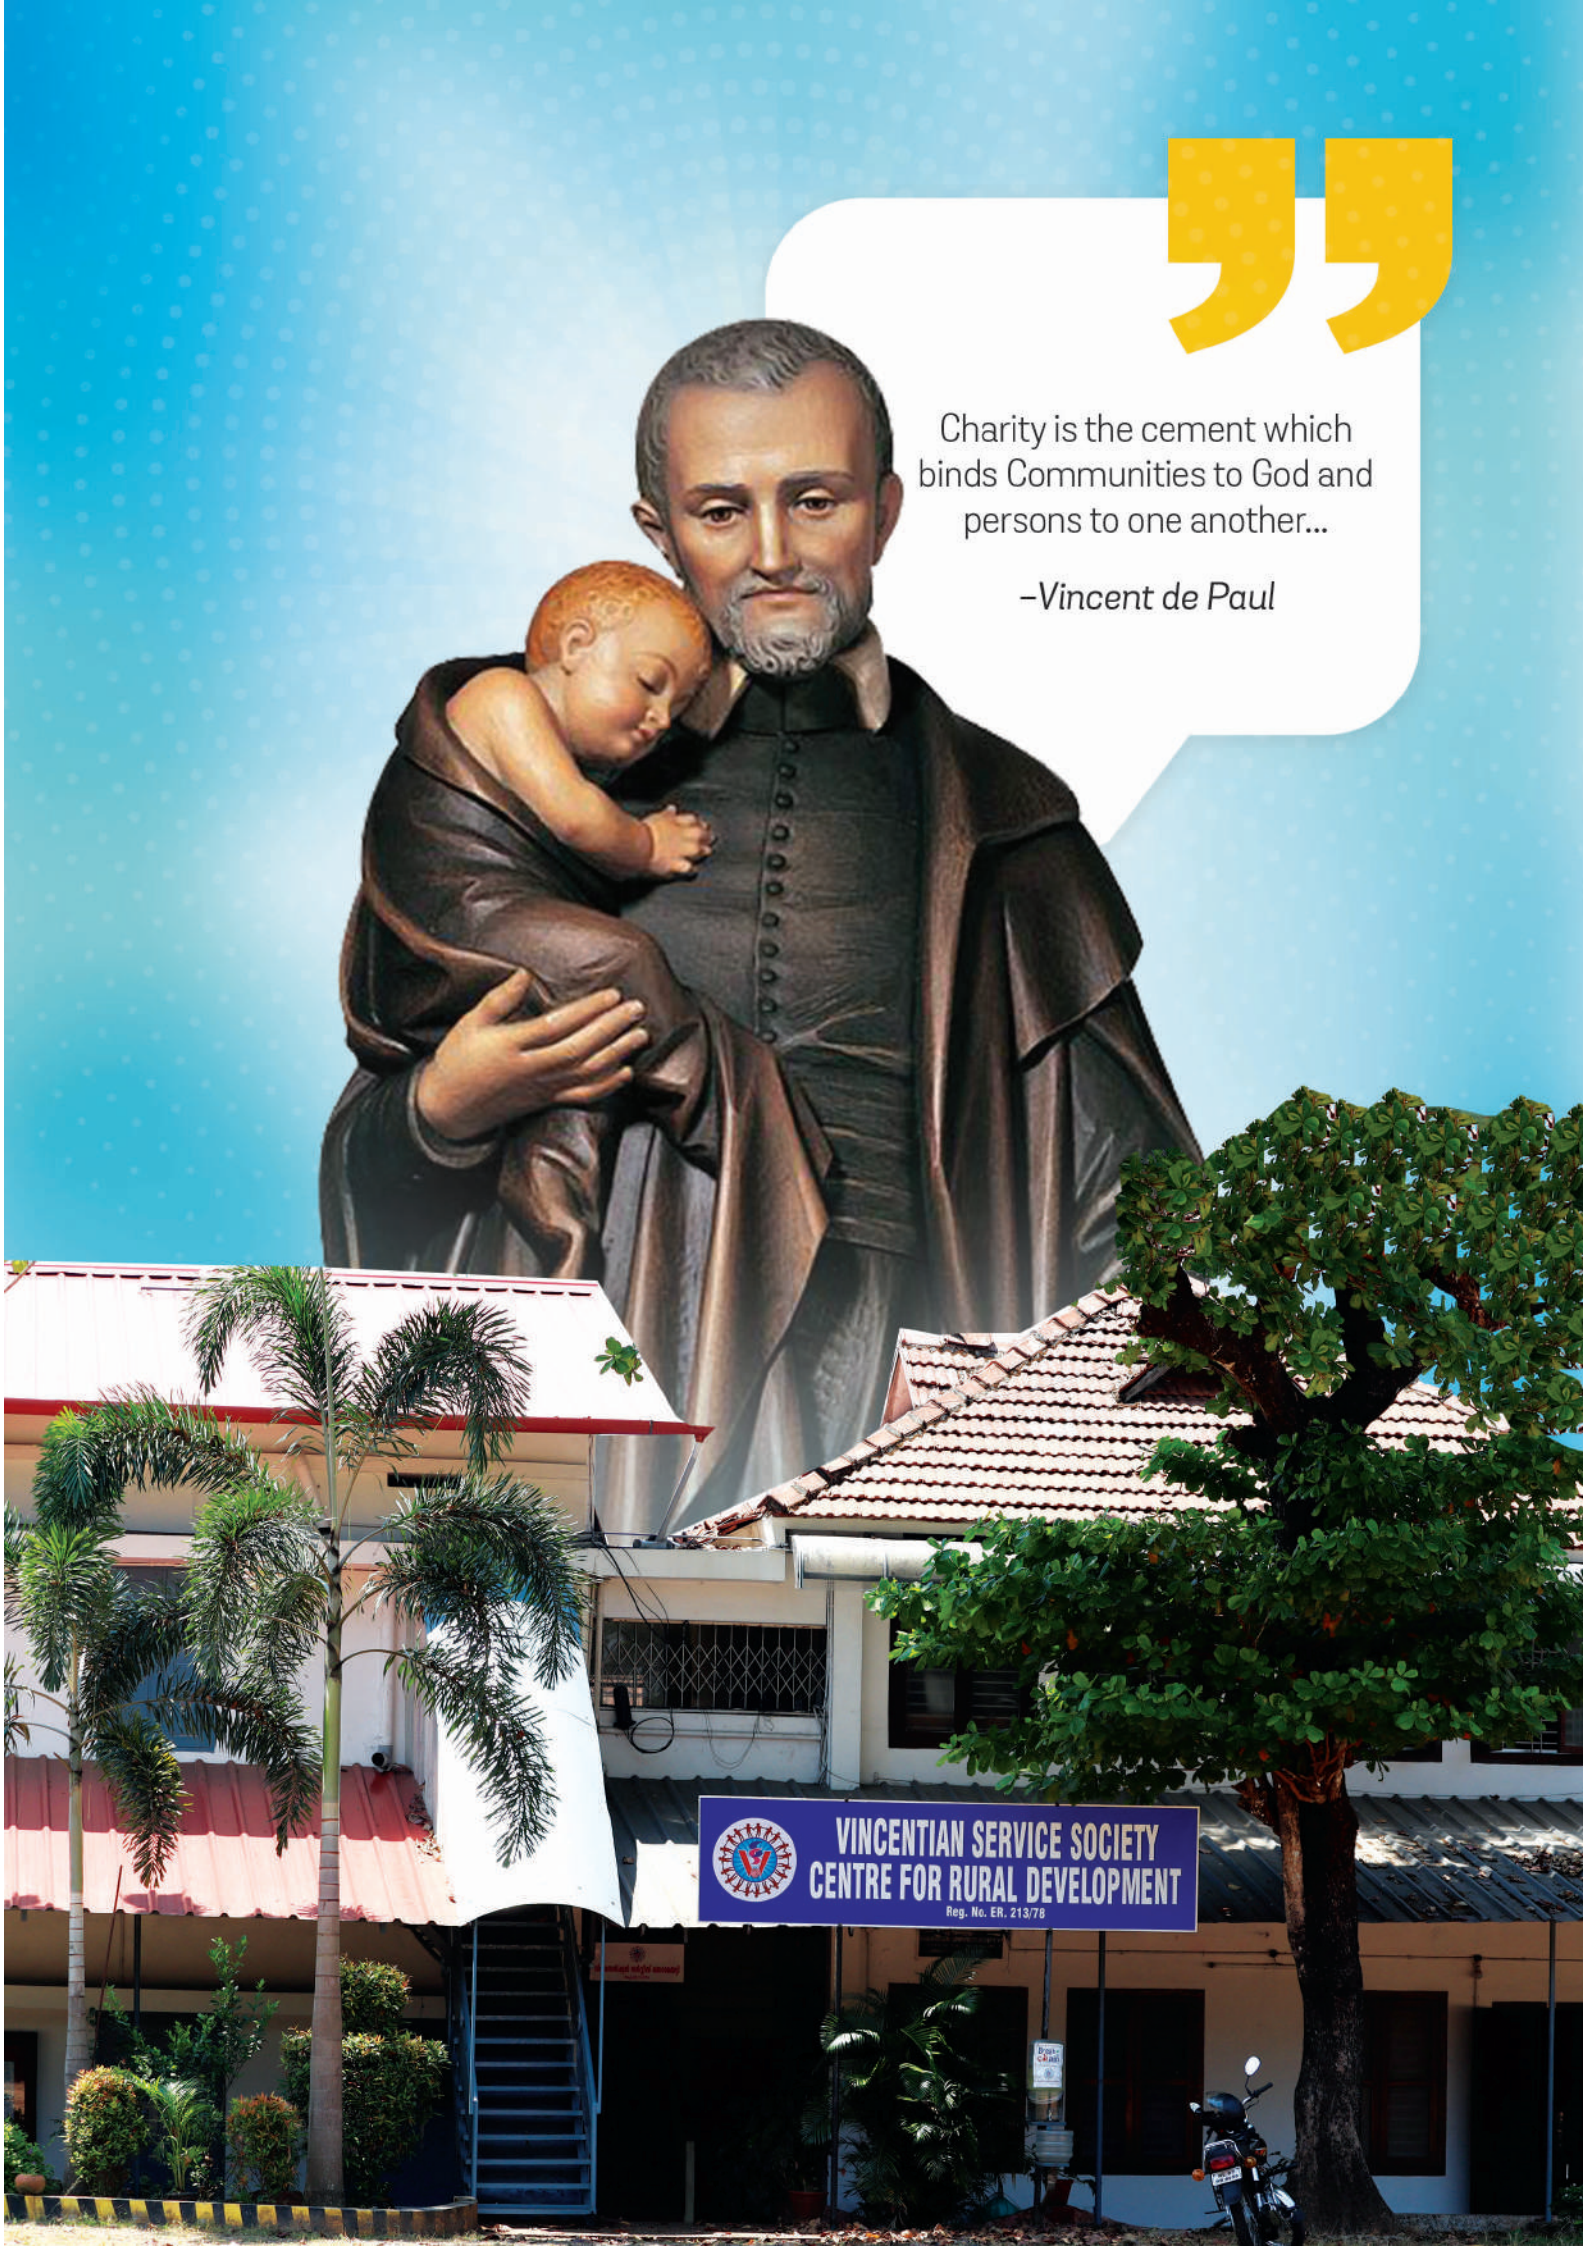
ANNUAL PERFORMANCE Report 2021 - 2022

VINCENTIAN SERVICE SOCIETY

CENTRE FOR RURAL DEVELOPMENT



Charity is the cement which binds Communities to God and persons to one another...
–Vincent de Paul
VINCENTIAN SERVICE SOCIETY
CENTRE FOR RURAL DEVELOPMENT
Reg. No. ER. 213/78

Introduction

Vincentian Service Society Centre for Rural Development is a Non-Governmental Organization dedicated to the development of Marginalized, Vulnerable, Poor, Specially abled People and other different sections of community in Kerala. It is registered under the 12th Travancore-Cochin literary Scientific and Charitable Societies Registration act of 1955, Registration number is ER 213/78, FCRA number 052850374. Our motto is **"Reaching to the Unreached".** We support the poor, Marginalized, needy, the sick and differently abled people in the community without any discrimination of caste and creed. In addition, VSS helps the people with disabilities to gain equal rights in the society and enables them to participate in the community by removing the barriers for accessing various services provided by the Government Departments and Civil Society Organizations. Our Vision is **"Establishment of Just and Peaceful Society with Social Integration"** whereas our mission is to create an integral society by promoting wide range of economic growth reducing inequalities, raising basic standards of living and promoting sustainable management of natural resources. Organizational objectives are to promote, foster and regulate the charitable, social, literary and educational activities, to help the poor, needy and sick and differently abled members of the community without discrimination based on caste and creed, to promote healthy environment and healthy living, to initiate, implement and promote public health activities that enhance quality of life and standard of living.

SPEAKS

Inspired by His Teaching on Compassionate Love

There is a famous saying of St. Mother Teresa of Kolkata regarding the works of charity and compassion: "We know only too well that what we are doing is nothing more than a drop in the ocean. But if the drop were not there, the ocean would be missing something." A drop of water in the ocean matters a lot. It is the collection of drops of water that makes the ocean. In the same way, our simple and small acts of charity are of great value to give meaning and worth in the life of many people who are denied of basic facilities in their life. There are many unfortunate people who are at the peripheries. As a fellow human being, it is the duty of everyone to be thoughtful of those people who are around us with many needs. St. Vincent de Paul, the heavenly patron of all charitable works says: "We cannot better assure our eternal happiness than by living and dying in the service of the poor, in the arms of Providence, and with genuine renouncement of ourselves in order to follow Jesus Christ." St. Vincent is inviting us to get ready to live and die in the service of the poor. According to him, the amount of compassion we show to others will be the measure of happiness that we are going to get in the eternity. When you are showing compassion and charity to your fellow human beings who are in need, you are making close the compassionate love of God to them.

It is with the basic motto of making close the compassionate love of God to the fellow human beings, the Vincentian Service Society Centre for Rural Developement (VSSCRD) was established at Angamaly. For the last many years, the VSSCRD is serving the society in different ways in such a way that the human dignity is respected by all. There are many inequalities in the society which make the poor more poor and the rich more rich. In the present world of competition, there are many people who are denied of their basic rights and facilities in life. The VSSCRD is making an accompaniment with those people who are discriminated and marginalized. Many acts of social empowerment and financial support are given to the unprivileged people in the society. In order to materialize its goal to 'reach out to the unreached', the VSSCRD has extended its area of operation beyond Kerala to reach out to the poor and the needy in different parts of the country.

It is matter of great joy for me to know that the VSSCRD is bringing out its Annual Report for the year 2021–22 reckoning its various social interventions in the recent past. It is indeed the result of a committed and concerted effort of a team of members that the VSSCRD was able to do many remarkable works in the society. I congratulate wholeheartedly Rev. Fr. Joseph Srambical VC, the Provincial Councilor for Social and Charitable Works, and Rev. Fr. Dibin Varghese Perinchery VC, the Secretary of VSSCRD and Director of ViNSA, and all the staff members who are doing a dedicated service in association with the management to materialize the goal of the Vincentian Service Society. In the words of Helen Keller, "The unselfish effort to bring cheer to others will be the beginning of a happier life for ourselves." Let the works of compassion accomplished by the VSSCRD be an inspiration to many others to find their inner joy in life by doing unselfish works to bring cheers in the life of others especially the unprivileged and marginalized in the society.

Councillor for Social & Charitable Works

SPEAKS

Rev. Fr. Joseph Srambical VC
Councillor for Mission, Social & Charitable Activities
Marymatha Province

"Let all things will be done with charity." St. Vincent de Paul

It is the great joy and pleasure to publish the Annual Report of Vincentian Service Society 2021 – 2022. Love reflects through the charitable activities. Jesus said, "As you did it to one of the least of these my brethren, you did it for me." (Matthew 25:40) It is certain that through the social and charitable activities, Vincentian Service Society looked after the needy with great love and generosity. Love becomes practical when we care the needy, sick and suffering people.

VSSCRD fulfills the Social interventions of the Marymatha Province, Angamaly and along with other benefactors and well-wishers of the society. When we look in to the report of VSSCRD, we learn that Community Based Rehabilitation Programme supported Children with disabilities and their families. Many students benefited and achieved higher education and encouragement through Scholarship and Education projects. Many sick people received timely financial support for better treatment to improve their health. Some people improved their life through the self-employment financial help scheme. Through the housing schemes some families received new houses and many families renovated their housing facilities.

It is my great joy to inform about the new project of Marymatha Province through the Vincentian Service Society to have "De Paul Care Centre, Kalamassery" for the Sick and suffering people. The purpose of the De Paul Care Centre is to provide the accommodation facilities to the poor sick and cancer patients come for the treatment at Medical College Ernakulam and Cancer Research Centre, Kalamassery. As part of this project we bought one acre land to build the De Paul Care Centre near to the Medical college and Regional Cancer Research Centre, Kalamassery. The necessary official paper work and fund raising program are under process.

I take this opportunity to acknowledge Marymatha Provincial Administration for their generous support to the Vincentian Service Society with guidance and financial Support as part of the charitable activities of Marymatha Province. It is my great pleasure to acknowledge and thank VSSCRD team under the leadership of Fr. Varghese Perinchery VC, Executive Secretary of VSSCRD for their valuable service providing to the needy and marginalized people. I also gratefully remember all the benefactors and well-wishers who supported the Social and Charitable activities of the society.

GRATEFULLY FROM EXECUTIVE DIRECTOR'S DESK

Fr. Dibin (Varghese) Perinchery VC
Exec. Secretary & Treasurer, VSSCRD
Director of Social Work, Marymatha Province

Vincentian Service Society Centre for Rural Development has aged 44 years. As the age increases, we are glad that we are able to reach out to more people every year. As the Executive Secretary of VSSCRD, I am pleased to share the summary of achievements in 2021-22.

The hardship of humans never ends and the pandemic has made it worse. 2021-22 was the period of recovery and rebuilding from damages made at the clutches of Covid-19 for all humankind. Covid-19 left behind a society which was more vulnerable than before. In this reporting year, VSSCRD worked aiming to help this vulnerable society to rebuild and recover. With the motto "Reaching to the Unreached" we reached 9114 people living at the grassroots level through various projects and programmes.

We are encouraged and grateful for the support of the entire governing board especially the provincial team, advisors, donors, partners, volunteers, and well-wishers as we work together toward our vision of establishing a just and peaceful society with social integration.

I thank God almighty for making us an instrument for His deeds and pray for His blessings in all our future endeavours and also express my gratitude to the whole VSSCRD team to bring out remarkable changes in the Community.

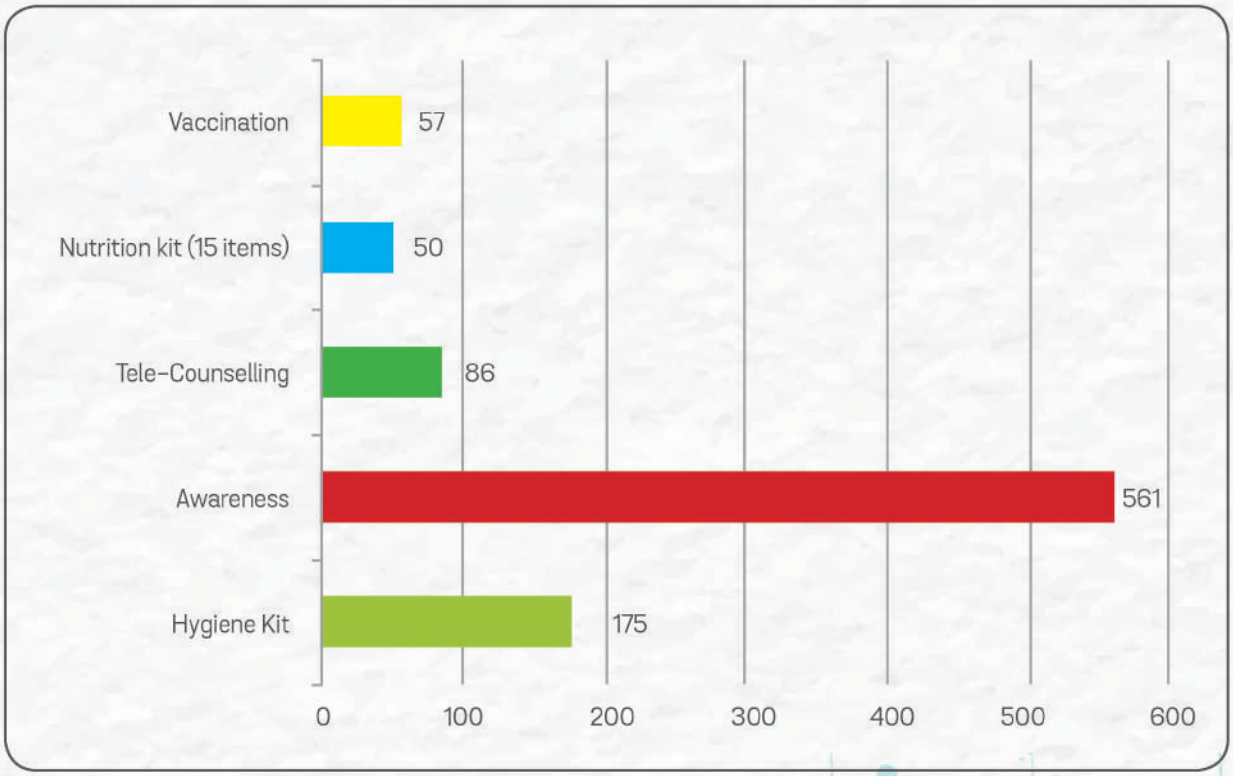
1 COVID RELIEF WORK AT COMMUNITY LEVEL

1.1 Covid–19 Emergency Response Project

VSSCRD launched the COVID–19 Emergency Response Programme to improve the health and well–being of specially abled children. This initiative was created for the families of 175 specially abled children belonging to the districts of Ernakulam and Alappuzha. Through this initiative, VSSCRD supplied masks, sanitizers, and soaps to specially abled children and their parents. These precautionary steps aided in the containment of COVID–19. In conjunction with this initiative, VSSCRD also held awareness seminars, provided nutritional support, tele counselling and vaccinations for the specially abled children and their parents.



1.2 Supply of Oxygen Concentrator

VSS moved 5 oxygen concentrators with the assistance of the Catholic Health Association of India to various institutions for the poor and vulnerable, such as the Divine Care Centre, St. Vincent's Home, Mariya Santhi Old Age for Women, and De Paul Care Centre, in order to avoid post- covid issues. These oxygen concentrators helped to alleviate symptoms such as shortness of breath and improved inmates' day-to-day activities at the centres.

1.3 Helping hand to the Inmates

Hundreds of inmates at Bethlehem Abhaya Bhavan in Koovappady have felt the sting of the rain and are at risk of developing serious ailments. Due to the outbreak of the COVID–19 pandemic, they lacked sponsors to meet their basic necessities. In this circumstance, VSS–CRD provided bed sheets and blankets to the inmates of Bethlehem, Abhaya Bhavan.

1.4 Mobile Phone for Education

Covid–19 marked changes in all levels of social infrastructure. Online education was one of those changes. But for financially struggling children this change was drastic. In this reporting year Vincentian Service Society supported three economically struggling children to continue their education by distributing mobile phones for online education.

1.5 Vaccination Support

VSSCRD extended our support of transportation to PHC at Pallissery for Covid–19 Vaccination. 3600 vaccines were transported to PHC and were made available to the houses of bed ridden patients, specially abled and their families through mobile palliative care using VSSCRD transport facility.

1.6 Covid–19 Nutrition Support

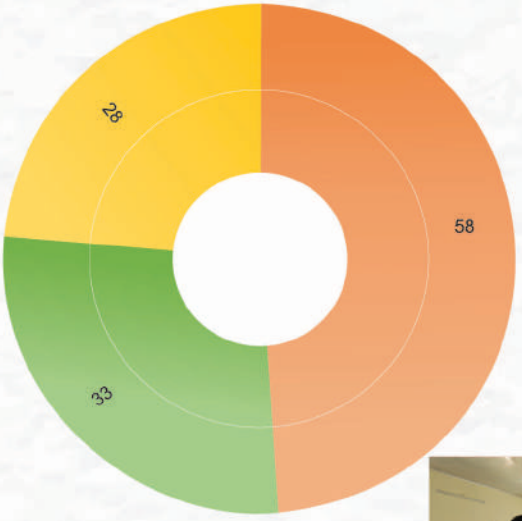
Unavailability of daily work due to Covid–19 have put down the conditions of the families of specially–abled children to a great extent for those who were at the edge of poverty. In order to strengthen and improve their nutrition and health conditions VSSCRD with the support of Marymatha Province, initiated a new programme called 'Karkidaka Kaithaang'. Under this programme VSSCRD extended its support through the delivery of provision kits to 50 needy specially abled children's families. Each kit contains 15 items such as flour, sugar, oil, etc.

2 COMMUNITY BASED REHABILITATION PROJECT

Community Based Rehabilitation Project is one of the major projects of VSSCRD. This project is currently implemented in three districts. The holistic development of the children including physical, mental and social development is aimed through this project. Disabled Peoples' Groups (DPGs) are developed through this project.

NEW DEVELOPMENTS

In the reporting year 2021–2022, VSSCRD has extended this project to one more district. As part of this expansion 33 more specially abled children are included in the project. Currently it includes 119 differently abled children who live at the lowest levels of social structure.



CBR AREA

- Ernakulam
- Alappuzha
- Thrissur

2.1 ADL Training Programme

Many parents of disabled children are familiar with the phrase "Activities of Daily Living," or ADL. These activities include eating, bathing, dressing, and toileting. Most youngsters learn these chores quickly and integrate them into their everyday routine. These chores may be more challenging for children with disabilities, who may require frequent reminders or rewards for completing daily life activities. Our ADL training session addressed the primary issues that inhibit the child from engaging in these activities and empowered 46 parents to assist the kid in understanding current ADL skills and developing independence with new ADL abilities.

2.2 Advocacy & Lobbying Training

An advocacy and lobbying meeting was held at the VSSCRD office in Angamaly. Advocates, ward counsellors, and Asha Workers attended it. The goal of the meeting was to improve health and access to quality health care and public health services for the specially abled in the community. Resource team members suggested ideas, which Asha Workers could apply in the field such as counselling, measuring psychological well-being, ADL training, self-care practices, health evaluation, in order to promote the health of specially abled children and their parents.

2.3 Asha Workers' Meet

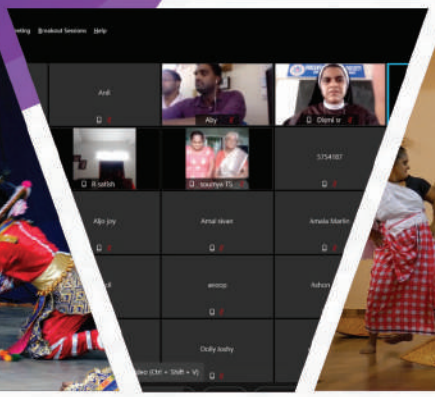
The Asha Workers' Meeting was conducted in the VSSCRD Seminar Hall to honour 30 Asha Workers from various wards of Angamaly Municipality for their altruistic contributions during the COVID-19 pandemic. The gathering was presided over by Rev. Fr. Mathew Thadathil VC, Assistant Provincial Superior of Marymatha Province. Mr. Reji Mathew, Municipal Chairman of Angamaly, inaugurated the meeting. VSSCRD provided 30 Asha workers with a preventive measures package that included masks, hand sanitizer, a medical gown, gloves, and other items.

2.4 E-Shram Card Registration Drive

The Vincentian Service Society organised an E-shram Card Registration drive for parents of specially abled children. The goal of the initiative was to make parents aware of the E-sharam card and its benefits, as well as to acquire future financial help. An orientation workshop was also held to learn more about the card and the registration procedure. As a result, the camp assisted 18 parents of children with special needs in registering their children.

2.5 Empowerment Training for Parents

One-day training programme was arranged for parents of specially abled children and DPG members in North Thyckal by Vincentian Service Society arranged The major goal of the training programme was to encourage parents to be more active, promote open conversation in the group, and bring fresh ideas and information. This training programme taught 30 DPG members and parents how to work together, build interpersonal skills, and foster interdependence and accountability.



2.6 Talent Fest

As part of CBR project, VSSCRD organised an online Talent Fest in connection with the commemoration of International Disability Day using modern communication media. The day aimed to raise awareness of disability issues and mobilise support for the dignity, rights, and well-being of specially abled children. Rev. Fr. Francis Kochuparambil VC, Superior of St. Joseph's Ashram, inaugurated the programme online. It offered to build a platform for disabled youngsters to showcase their talent and skills online. 60 of disabled youngsters from various locations in the Ernakulum area performed admirably and brilliantly using the online platform WebEx.

2.7 DPG Members' Training

The extensive dissemination of COVID-19 and the continuous lockdown generated several threats for DPG members. As a result, DPG members became increasingly passive and were unable to hold monthly meetings on a regular basis. In order to strengthen them and inspire them to be active and energetic, VSS conducted an empowerment training for both existing and new DPG members at St. Joseph's and Mary's Seminar Hall in North Thyckal. During COVID-19, this exercise helped members understand the concepts of DPG and other information regarding DPG functioning. It also helped members learn technical knowledge and new skills. 27 parents of specially abled children attended the programme actively.

2.8 Differently-Abled People's Groups' (DPGs) Meetings

Differently Abled People's Groups (DPGs) are active in diverse locations. The groups in their respective locations conduct regular monthly meetings and monitoring activities, which are facilitated by VSS staff members. Furthermore, VSSCRD established a number of training programmes to enhance its members' leadership skills and talents. They've learned about documentation, stakeholder analysis, problem-solving methods, the banking system, etc. Thrift and credit operations were encouraged along with the investment of microfinance. Some DPG members worked in income-generating activities such as a tailoring shop, a poultry farm, and other small-scale home-based initiatives.

2.9 Door–to– Door Training on Self Esteem to the Specially–abled

Self–esteem is a trait that every successful individual has. With this in mind, VSSCRD planned a door–to–door programme to boost self–esteem among specially abled children and their parents. Because of the proliferation of COVID–19, social gatherings and organised meetings were prohibited. As a result, we carried out this training programme by going door–to–door to the homes of specially abled children. The programme inspired the parents to boost their self–esteem and react positively to the current difficult circumstances. We also provided modest exercises to help students establish good self–esteem. It helped 20 different parents and children from various locations.

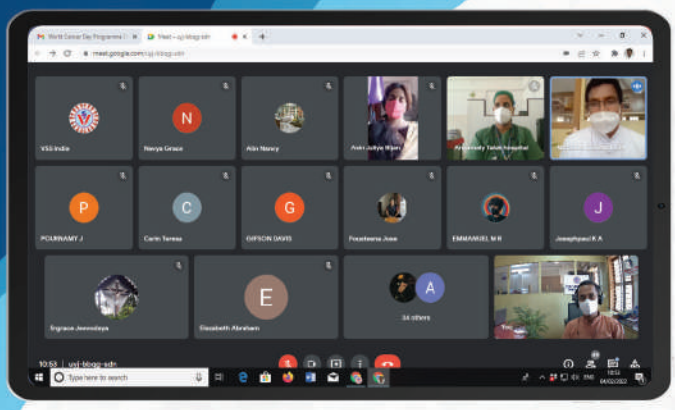
2.10 We Ring the Bell Campaign

Vincentian Service Society conducted We Ring the Bell Campaign at Government UP School Annamanada. The campaign was to promote inclusive education and to raise voices together with society to bring the attention of everyone to the problems of specially abled children and the barriers to educating them. The objectives of this campaign were to assist those children to come forward to the mainstream of society and to fetch attention to the problems of children and the barriers to educating them.

2.11 Grassroots Comics

Grassroots comics were developed as an influential weapon which fights against the social problems in the society. Vincentian service Society organized the second phase of the "Grassroots Comics Training Programme in the name "Chirikkuvin Chinthikkuvin" means "laugh and think". The programme aimed at inviting attention of government authorities and the society to the needs and problems of specially abled people in their daily lives.

3 DE PAUL AWARENESS PROGRAMMES



3.1 Cancer Day

Vincentian Service Society, in collaboration with DiST School of Social Work, commemorated World Cancer Day in order to raise cancer awareness among MSW professionals and unify everyone in the battle against cancer. The Very Rev. Fr. James Kallumkal VC, Provincial Superior of Marymatha Province, launched the initiative. VSSCRD organised an awareness seminar by Dr. Soorya S. Pathologist from Taluk Hospital in Angamaly to dispel myths about cancer and assist individuals in receiving accurate information about it. Meanwhile, a signature collection drive for Cancer Day was launched by Mr. Roji M. John, MLA of Angamaly. The campaign's goal was to collaborate in order to minimise the risk of cancer and improve cancer control.

3.2 Women's Day

International Women's Day is dedicated to honouring women's accomplishments and advocating for gender equality. The Vincentian Service Society organised International Women's Day with the theme "Gender equality now for a sustainable tomorrow." Mrs. Celia Vinny, Block Panchayath Member, Angamaly, led a motivating session for the participants on the subject "Achieving gender equity." Mrs. Elizabeth Yesudas was honoured during the session for her success in self-employment during the COVID-19 pandemic.

3.3 World Diabetes Day

Vincentian Service Society, in collaboration with Taluk Hospital, Angamaly, observed World Diabetes Day to promote health. The day was dedicated to raising diabetes awareness among social work students and encouraging them to take collaborative and specific efforts for diabetes prevention, diagnosis, and health treatment in the community. Meanwhile, the diabetes screening camp helped all students improve their diabetes knowledge, self-confidence, diabetes control, and emotional well-being. It was inaugurated by Rev. Fr. George Pottayil VC, Director of DiST College, and the input session was led by Dr. Mohmmad Pakkai, Family Physician of Taluk Hospital.

3.4 National Blood Donors' Day

The Vincentian Service Society held an awareness campaign to commemorate National Voluntary Blood Donation Day in 2021 and to welcome new members to the VSSCRD Blood Donors' Club. It raised awareness about the necessity of blood donation and the benefits connected with this noble cause. This day inspired many young social work professionals to dispel the myths, fears, and misconceptions about the voluntary blood donation campaign. This initiative also motivated students to volunteer to donate blood.

3.5 National Girl Child Day

National Girl Child Day was observed at VSSCRD in order to create an awareness among parents of specially abled girl children. The goal of commemorating this day was to raise awareness about the rights of girls and to emphasise the significance of female education, health, and nutrition.

"Empowering Girls for a Brighter Tomorrow" was the topic of National Girl Child Day in 2022. Mr. Danny D. Silva, Asst. Prof. DiST Angamaly, offered an awareness class for the parents on this occasion. In addition, participants were given Covid –19 prevention kits.

3.6 Mental Health Day

World Mental Health Day 2021 was observed by VSS with the theme 'Mental Health in an Unequal World', which allowed us to focus on the problems that contribute to mental health inequality both locally and worldwide. The goal of the programme was to improve community awareness of mental health issues and organise initiatives in favour of mental health. On this day, an awareness class was organised, giving all participants the chance to help civil society take an active role in addressing mental health disparities in their communities. Meanwhile, as part of this initiative, a stigma reduction campaign was established. VSSCRD provided financial support to Angamaly Taluk Hospital for the implementation of the COVID Relief work on this occasion.

3.7 Go-Green Initiative

VSSCRD, in association with HDFC Bank Angamaly, launched a new initiative named 'Go Green' as part of its environmental protection programme. The goal of this effort was to enable community members to become active agents in promoting environmental causes. It was a day to reflect on recent environmental events. The event concluded with the planting of trees around the VSSCRD campus. Furthermore, as part of this programme, VSSCRD distributed saplings to Asha workers from Angamaly to plant in their own communities. On this day VSSCRD decided to practice Anti-plastic policy. This policy includes prohibition of plastic in VSS programmes and management of waste. As the extension of this initiative later in the reporting year, VSSCRD introduced the "Bio Digester Pot" – a multipurpose growing media that eliminates the use of plastic during the plant-rearing process as an alternative to plastic grow bags. All the plastic materials are collected and recycled through proper channels.

Result of Anti-Plastic Policy Implementation:

Number of programmes conducted without plastic	27
Number of plastic glasses avoided	1575
Number of plastic plates avoided	810
Plastic collected and recycled	15 kg

We have prevented this much of plastic to cause damage to our mother Earth. Join wth us! Save our Environment! Save our Earth!

4 DE PAUL EDUCATIONAL PROJECTS

De Paul Educational project opened up various opportunities for the young to achieve better prospects in life and promote career growth. Education promotion programmes included various initiatives.

4.1. De Paul Continuing Education Project (DCEP)

The De Paul Continuing Education Project (DCEP) is one of the Vincentian Service Society's educational undertakings. It made a significant difference in the lives of students by developing their character, teaching them skills and knowledge, and creating a sense of security. The initiative supported the students in identifying and achieving their professional objectives in life. During the previous academic year, we assisted 30 students from various parts of India in achieving their educational aspirations, in spite of different struggles in their families.

4.2 Memorial Scholarship Programme

The memorial scholarship programme was arranged in fond memory of the Vincentian Fathers, Rev. Frs. Francis Pulickal VC, George Vazhaplankudy VC, James Edavazhithara VC & Kurian Elavumkal VC. During the reporting year, this initiative assisted 13 toppers of De Paul colleges in continuing their higher education and professional courses.

4.3. Rev. Fr. Varkey Kattarath Memorial Scholarship

The VKMS initiative aimed to provide a smoother, higher education to the meritorious and gifted students who were unable to continue their studies due to a lack of financial support. Through this project, VSSCRD assisted 33 students in continuing their education and securing a better future.

GERIATRIC CARE 5

Ageing does not only affect the elderly; it affects everyone in the society one way or the other. So everyone has a part to play for the wellbeing of the elderly. De Paul Fellowship of Senior Citizens at Angamaly (DEFOSCAA) is the Geriatric Club of Vincentian Service Society which include 150 senior citizens in and around Angamaly. This club helped senior citizens to socialize with their peers with programmers varying from discussions on health issues to entertainments like music, dance, festivals, various celebrations and picnics. Due to the Covid-19 pandemic social gatherings and other activities were reduced but VSSCRD team maintained the contacts with the members through tele calling and digital mode. When Covid-19 reduced and the protocols were lifted, VSSCRD celebrated Christmas with the club members.

6 DE PAUL SHELTER PROJECT FOR THE HOMELESS

The De Paul Shelter Project aims to build safe and secure homes for financially disadvantaged families. For them, a house is much more than just a place to live; it is a dream for which they have worked their entire lives. The primary goal of this project is to provide financial assistance for the construction of new houses with minimal standards in order to improve their quality of life. This reporting year, VSS built 6 houses to fulfill the basic need for shelter to the poor in society.

7 DE PAUL ASSISTANCE PROGRAMMES

VSSCRD, through the De Paul Assistance Programme, provided tremendous supports to the poor and marginalised people in society, responding to their needs on a regular basis. Following are the main services delivered under this program.

7.1 Housing Assistance Partial

This programme supported 40 low-income families with good, safe, and hygienic housing with reasonable amenities.

7.2 Kaniv Programme

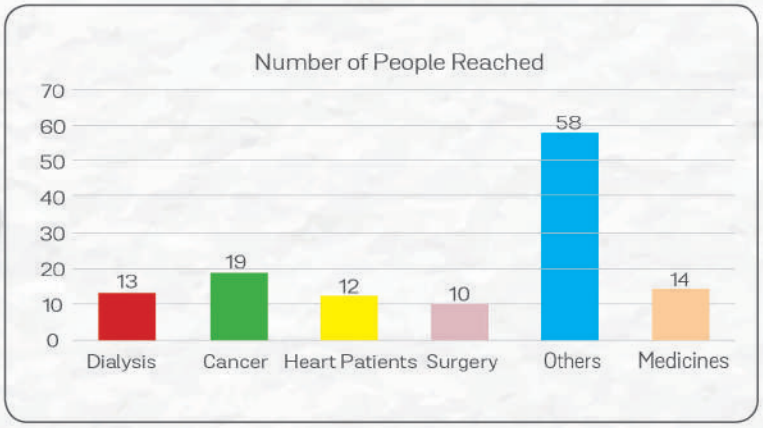
This project was established to provide food and provision packages to families who are struggling to make ends meet. This year, VSSCRD distributed food and supply kits to 112 households who are in need of daily bread from various localities.

7.3. Marriage Assistance

This assistance provided monetary provision to 8 poor girls to get married and achieve their dream of a family life.

7.4 Medical Assistance

This initiative gave financial assistance to 126 patients living below the poverty line and suffering from major hazardous illnesses in order to pay for medical treatment and surgeries.



7.5 Self-Employment/IGP (Income Generating Programme)

This assistance programme supported and enabled 18 unemployed persons to generate their own income by creating livelihood options based on their needs and comforts.

8 PALLIATIVE CARE PROGRAMME

Our palliative care services increased the quality of life for 245 patients and their families dealing with the challenges of a life-threatening diseases. Our door-to-door palliative care programme was designed to improve the quality of life of patients suffering from chronic, severe illnesses.

9 CAPACITY BUILDING PROGRAMME

Several capacity-building programmes aided VSSCRD team members in acquiring, developing, and maintaining the skills required to create and achieve organisational development objectives and goals. Furthermore, VSSCRD team members increased their vast and unique experience of managing and organising several projects, programmes, and activities through a variety of online programmes.

10 MEANS OF TRANSPORT

The Vincentian Service Society acquired a new ambulance with the support of CHAI-MIVA and Marymatha Province. The ambulance was blessed by Very Rev. Fr. Paul Puthuva VC. With this aid, we are concentrating our efforts on delivering our health services to the doorsteps of rural populations at the community level.

11 INTERNSHIP & TRAINING

Our internship and training programme helped students from various social work colleges, particularly DiST, Rajagiri, Don Bosco, St. Joseph, St. Thomas, Christ, and Symbiosis Law College, develop a strong work ethic and professional character, as well as a commitment to ethical behaviour and social responsibility. We offered a professional working atmosphere that promoted and allowed for the development of professional identity and competence. Furthermore, it pushed students to grow and enhance their abilities in communication, technology, quantitative thinking and collaboration.

NEW PROJECT

DE PAUL CARE CENTRE
KALAMASSERY

The Vincentian Service Society is constructing a Care Centre for cancer patients. The Centre is intended to support poor cancer patients who undergo treatment including radiation and chemotherapy. Many of the cancer patients who seek treatment at Cancer Research Centre, Cochin do not get rooms or bed facilities due to the high number of patients. They will be able to continue treatment if they are ready to take treatment as out patients. However, people from distant places will be required to hire private rooms for this purpose which will incur high rent. For a poor family, this is not affordable. It is in this situation, the Vincentian Service Society is coming forward to provide free accommodation facilities along with free of cost food, vehicle services, recreation, and counselling facilities to the poor cancer patients who are undergoing treatment at Cancer Research Centre, Cochin.

This care centre is to be built in 33000 sq. ft. with all modern facilities is designed to accommodate 50 patients and their bystanders.

EXISTING CARE CENTRES

Currently, We have Care Centres at Kozhikode and Thalassery which provide huge comfort to poor cancer patients and their families by relieving them from the burden of the cost of accommodation & transportation along with vehicle services, recreational areas and counselling facilities. Each care centres provide its services to more than 2500 patients every year.

KOZHIKODE DEPAUL CARE CENTRE (SINCE 2003)

Has 58 rooms and a gents' ward which can accommodate up to 146 people

THALASSERY DEPAUL CARE CENTRE (SINCE 2015)

Has 52 rooms which can accommodate up to 122 people
